

COMPUTER AND INTERNET USE AGREEMENT FORM

(for Patrons under the age of 18)

A first violation will result in the termination of the patron's current computer session. A second violation will result in the permanent suspension of the patron's computer/Internet privileges. Any and all computer and/or Internet policy violations(s) are documented in the patron's record file.

Unacceptable behavior can result in a patron losing all library privileges for the day, or permanently. In the case of criminal offense, law enforcement will be contacted. Extreme violations of these guidelines may result in criminal prosecution. Unlawful activities on the library's computers will be dealt with in accordance to local, state, and federal laws. A minor's request for the unblocking of an Internet site will only be allowed, if the parent has given written permission to do so for a particular "site". The parent/guardian must be present in the library to do so.

As the parent or legal guardian of:

Last Name

First Name

Library Card Number

I give permission for my child to use the Internet at the BCLS. I understand and acknowledge that filtering devices on these computers may not effectively filter all or any inappropriate materials from access within the Library. The Library is not responsible for damages, indirect or direct, arising from access, whether voluntarily or involuntarily requested, to inappropriate or offensive Internet sites, regardless of the age of the user or whether arising from the deficiency of the filter or its installation.

I understand that I may at any time request in writing to rescind permission for my child to use the Internet. I have read the Public Computer Access Policy of the Bolivar County Library System and agree to comply with them. If I do not, I understand that I risk the permanent loss of my library privileges.
